

18th EASE Asian Society of Endourology (EASE) Annual Meeting and Board Meeting

Date: 13th November 2021

Time: 09:00 – 13:40 (JST)

Venue: Virtual congress (Zoom)

Time	Topic	Speaker
09:00 – 09:30	EASE Board Meeting	All council members

10:00 – 10:10	Opening Remarks	Masatsugu Iwamura Japan
---------------	-----------------	----------------------------

Session 1 Moderator: Seung Hyun Jeon

10:10 – 10:25	Pubovesical complex-sparing technique under hypothermia during robot-assisted laparoscopic radical prostatectomy	Yen-chuan Ou Taiwan
10:25 – 10:40	Factors influencing warm ischemia time in robot-assisted partial nephrectomy change depending on the surgeon's experience	Kazuyuki Numakura Japan
10:40 – 10:55	How to start and optimize the outcome of Rezum? The local experience and data	Ka-lun LO Hong Kong
10:55 – 11:10	3D imaging in urological robotic surgery	Gang ZHU China

Break

Session 2 Moderator: Joseph Wong

11:20 – 11:35	Laparoscopic Radiofrequency Ablation of small renal tumors with laparoscopic ultrasound guidance	Arturo Castro Jr Philippines
11:35 – 11:50	Single Port Robotic Radical Prostatectomy with the da Vinci SP Platform: Korea University Experience	Sung Gu Kang Korea
11:50 – 12:05	Association between ureteral clamping time and acute kidney injury during robot-assisted radical cystectomy	Yudai Ishiyama Japan
12:05 – 12:20	Development and future vision of the Made-in Japan surgical robot system	Nobuyuki Hinata Japan

Break

Session 3 Moderator: Jose-Vicente Prodigalidad

12:30 – 12:45	Evolution of MRI fusion prostate biopsies: A regional hospital experience	Wilson Hoi-chak CHAN Hong Kong
---------------	---	--------------------------------------

12:45 – 13:00	A real time image surgery on prostate cancer – guidance by prostate cancer specific ICG	Xin GAO China
13:00 – 13:15	The initial operative experience of robot-assisted pyeloplasty and comparison with laparoscopic pyeloplasty for ureteropelvic junction obstruction	Momoko Kobayashi Japan
13:15 – 13:30	MIS management of ureteric stricture	Young Eun Yoon Korea
13:30 – 13:45	Robot-assisted partial nephrectomy for high complexity tumors	Masashi Takenaka Japan
13:45 – 13:50	Closing Remarks	Eddie Chan Hong Kong
Session End
